

Cork Pads with Adhesive for Auto Glass

“Raybone” is a professional Cork pads supplier in China for auto glass. Since our foundation, we have produced and sold Cork Pads with adhesive for Fuyao Auto Glass Group, one of the biggest auto glass manufacturers in the world. You can rest assured to buy Cork Pads with adhesive for auto glass from our factory and we will offer you the best after-sale service and timely delivery.

Product Description

High quality “Raybone” Cork Pads can protect the auto glass well during packing and shipping. Glass, windows, doors and mirrors are fragile. “Raybone” Cork Pads with adhesive for auto glass are easy to be removed cleanly, yet adhered securely to architectural glass, auto glass, furniture glass, stone, windows & doors, during transporting, packing, storage and installation. Setting between the glass, the pads can absorb vibration, maintain position and prevent breakage.

| SB-4020 | 40x40mm | 20mm cork | 1088pcs | 34*35*36 | 0.043 | 12 |

Installation Instructions of Cork Pads with adhesive for auto glass:

Please place the cork pads on the edge of the glass, one pad per 30cm or 40cm, and totally 8 pads on the area of 1 square meter; more pads must be put on the middle of

glass for the area more than 1 square meter and the actual quantity should be subject to the reality.

Principle: the smaller the glass area is, the less the pads need.

For the same area glass, the more the cork pads are used, the better the protection effect is.

Please use the approximate cord pads quantity according to the real situation.
